

## UNIVERSITY FEES PAYMENT

Dear Students / Parents / Guardians,

Greetings, we wish to inform you that the University has introduced an improved system of paying University fees called **School Pay**. With School Pay, you can now pay fees without queuing up in the bank

### HOW TO PAY

Each student already has a six-figure unique number that was assigned by the university e.g. 000001. While paying with the different channels of School Pay, students will add the university acronym (CUU) when asked to enter student code. For example, **CUU000001**
